## Note from the Director

Dear Fuller Community,

Last year in March, there were concerns of a virus spreading all over the world. In that moment, we were hopeful things would go back to normal by the summer, at the latest. Now as we're nearing the one year "anniversary," of the library closure, I can't help but be in awe of the tenacity, dedication, and perseverance of academia in general. Especially our seminary.

Together, we were able to go completely online in the midst of the pandemic and grow due to the adversity. There are many other seminaries and theological schools whose transition to online was not as smooth as ours. I am truly thankful for all the hard work the entire campus has done to assure academia and scholarship continues to thrive at Fuller Theological Seminary.

Here's to looking forward to a brighter, pandemic-free days on the Fuller campus and online!

*Daniell Whittington, MLIS, MA*  
Executive Director of the Library

## What's New?

### Book Pick Up Lockers Finally Installed!

In August of 2020, the library received a grant for lockers to allow for contactless pick up as well as after hours pick up once the building reopens.

We are happy to report the lockers are being installed and will be available to use for book pick up in March! Tutorials of how to use the locker will be included in the pick up confirmation emails. Please note, these are not for personal use. Any items left behind will be discarded. Further details about the lockers and their use will be communicated through the library website.

### Database Spotlight

This quarter's database is a trial of The Brill Dictionary of Ancient Greek. The Dictionary is the English translation of Franco Montanari's Vocabolario della Lingua Greca. The Dictionary brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond. The Brill Dictionary of Ancient Greek is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike.

The Dictionary is available to current students, faculty, and staff and located in our [Databases](#) page.

## Women at Fuller Digital Exhibit

In honor of the amazing women who have influenced and shaped Fuller Theological Seminary since 1952, the Archives department created a digital exhibit for Women's History month in March.

Throughout the exhibit you will observe a timeline, the various clubs, and photos of the historic women themselves!

A special thank you to the Archives department for creating this momentous digital exhibit. To view the exhibit, click [here](#) and look for "Exhibits".
